Serving patients across the continuum of care

Continuous Care Retirement Communities (CCRCs)

In 2030, about 20% of the U.S. population will be 65 or older. With this trend, there are opportunities to provide patients care and support along their health stages. McKesson's Alternate Site PharmacySM team can help customers expand their reach to serve patients across the continuum of care.

McKesson Alternate Site Pharmacy — Comprehensive pharmacy solutions to help maximize savings, promote compliance, and expand your long-term care, specialty, infusion, combo shop and hospice care setting.

“

Supporting patients, especially high-need patients, through the continuum of care is a critical component to improving healthcare costs and overall patient outcomes.

”

Maximize savings

Our programs are designed to help your business save money

- **PATH Pro™** can help you save time and money by offering access to preferred/non-preferred designations on the most commonly used generics for geriatrics.
- Get access to over 500 competitively priced **Sunmark®** private label OTC items.
- Reduce on-hand inventory and costs by streamlining the drugs you dispense with **McKesson Connect™** a robust ordering platform for your specialty, long-term care and infusion care settings.
- Next-day autoshipments for new blockbuster generics launches, as well as segment-specific opportunities for increasing savings with **OneStop Generics™**
- Keep abreast of the top omitted drug shortages for generics, branded and OTC drugs with the weekly **Drug Shortages Report**.

Promote compliance

Programs to help promote quality care and compliance

- Reduce waste and med-pass time with **Parata Systems**, our pharmacy automation partner.
- Reduce time and employee resources with **BlistAssist**, our partner for compliant-packaging technology.

Expand your business

Expert guidance and resources to help you grow your business

- Increase foot traffic with **Physician Outreach Program™** (POP), offering access to important and relevant prescribers, available to participating Health Mart® pharmacies.
- Get expert guidance from our **340B Consulting** team to extend your reach and better serve patients, and participate in the 340B drug pricing program.
- Speak to our **RxOwnership®** consultants to grow your business and to own your retail or combo shop pharmacy.
