

McKesson: Our Cancer Care Story

9.6 million people die from cancer each year.

One-third of the most common cancers are preventable through early detection and timely treatment.

3.7 million lives can be saved

(worldcancerday.org)

We believe that better cancer care is possible.

We invest in companies that detect disease much earlier by analyzing data.

300 million de-identified patient records

50 billion patient encounters

We make life-saving treatments more accessible.

We deliver **1/3** of prescription medicine in North America, including cancer drugs

To-date, we have enrolled **75,000+** patients in **1,600+** clinical trials

..... In the United States, we support

3,700+ oncologists **in all 50 states** & **1 million** patients

We help give comfort to every patient.

McKesson Foundation

McKesson in Motion

Bone Marrow Drive

Delivered more than **19,000** care packages to cancer patients, made by

16,000 employee volunteers (in 2018)

In one month, walked **2.4 billion** steps for charity challenge and raised

\$115,000 for cancer care

Added more than **5,200** new donors to the international registry

20 + 3 matches transplants (since 2016)
