

McKesson Reimbursement AdvantageSM

The MRA program is designed to maximize reimbursement dollars and save time.

The MRA program utilizes innovative services that work best for your business:

- Actionable reporting
- Comprehensive support to enhance performance
- Practical coaching to maximize results
- In-workflow solutions to help improve reimbursement

We're here to advocate for your success

We're providing the solutions and support you need to help your pharmacy grow.

Reimbursement

With pre- and post-edits and the Automated Claims Resubmission component, the MRA program works in conjunction with your business to make sure the money you are entitled to is not being left on the table.

Performance

The MRA program offers actionable reports of your pharmacy's EQUIPPTM data and OutcomesMTM support. In addition, the enhanced performance reporting provides proof of your clinical performance to payers and a chance to improve your patients' health and your pharmacy's business.

Operations

Gain access to audit tools, inventory management and GDR audit protection reports to monitor generic dispensing and efficiency and help improve your bottom line.

I don't always have time to check my techs' work and want to make sure they're processing claims correctly. Who can help me?

A personal, dedicated advisor

Unmatched in the industry, our MRA program provides a dedicated advisor to each enrolled pharmacy. MRA members outperform others and receive better reimbursement as a result of monthly coaching with their advisors.

As your pharmacy's dedicated partner, your MRA Advisor:

- Provides a proactive consultation
- Reviews performance opportunities
- Offers best practices to limit audit risk

Our advisors provided support to our members through more than 20,000 phone calls last year.

How are you **evaluating your performance efforts?**

The enhanced performance support offered through the MRA program can help your pharmacy achieve better reimbursement through lower DIRs.
